15 MS. WYNKOOP: Well, I'd like to make a
16 statement. Constance Wynkoop, and my address is 10812
17 Blackledge Avenue, and my zip is 89134. W-Y-N-K-O-O-P.

18 And I'd just like to say amen to the
19 sentiments that Stewart read in his very well-written
20 piece. I'm glad that this is available for us to come
21 in and make a comment, because I understand that a few
22 weeks ago, we had -- or maybe it was a month ago --
23 there was supposed to be a meeting of this sort and
24 people weren't even able to get in and make a
25 statement. There were people before them and it seemed

1 to me that they made it very difficult for people to
2 actually speak out and talk about their feelings on the
3 matter of using our state as a dumping ground.

4 And I think it's strange that our state was
5 chosen to be the one that had the underground and
6 above-ground testing. And I think it's just adds upset
7 to injury to go ahead and use it as a further dumping
8 ground for nuclear waste and it would be very sad if
9 that were the case. For all the reasons Stewart gave,
10 I agree. So, thank you.
